The photograph became a powerful symbol of rural poverty and was widely circulated, drawing national attention to the struggles of displaced farmers. Shortly after its publication, the image sent emergency food aid to the camp, helping to mitigate the impact. However, for Florence Owens Thompson, the image became a complicated part of her legacy — while it represented the era's suffering, she later expressed regret that it forced her to define her life in ways she never intended. Despite this, the image remains one of the most enduring documentary photographs in American history, encapsulating both the despair and resilience of those who lived through the Great Depression.

Branding

Turkey's fastest internet service provider, Turknet, is now much more free, much more technological, and much newer!

At the end of the 6-month design process we went through with Turknet, we aimed to reflect the brand's modern and dynamic spirit in the new logo and visual world that emerged.
